About DEKRA

Established in

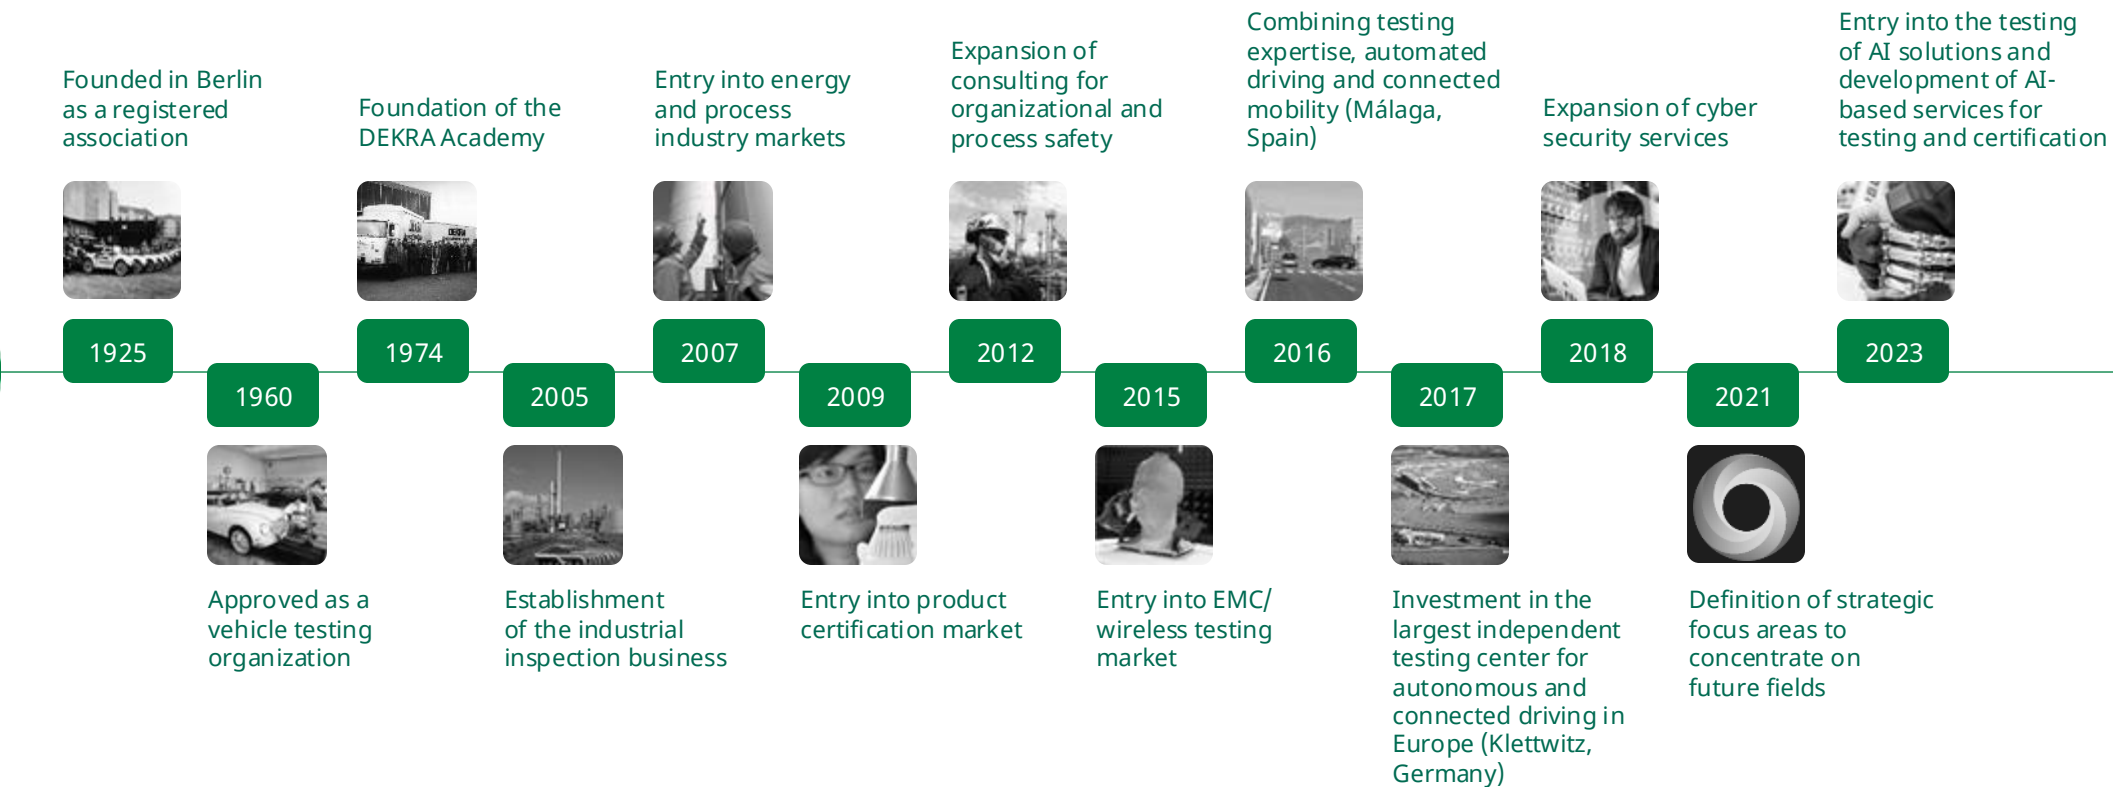

1925

to ensure **road safety** in connection with rapidly developing mobility.

Today, DEKRA stands for safety on the road, at work, and at home and offers a broad service portfolio, including qualified and independent expert services in 60 countries.

Our History

We think ahead

Our Corporate Focus Areas

Business & Service Drivers

1. Future Vehicle & Mobility Services
2. Cyber Security Services
3. Sustainability Services

Technology Enabler

4. AI & Advanced Analytics

The four Focus Areas

will help us to improve our existing service portfolio, while at the same time ensuring the development of new services.

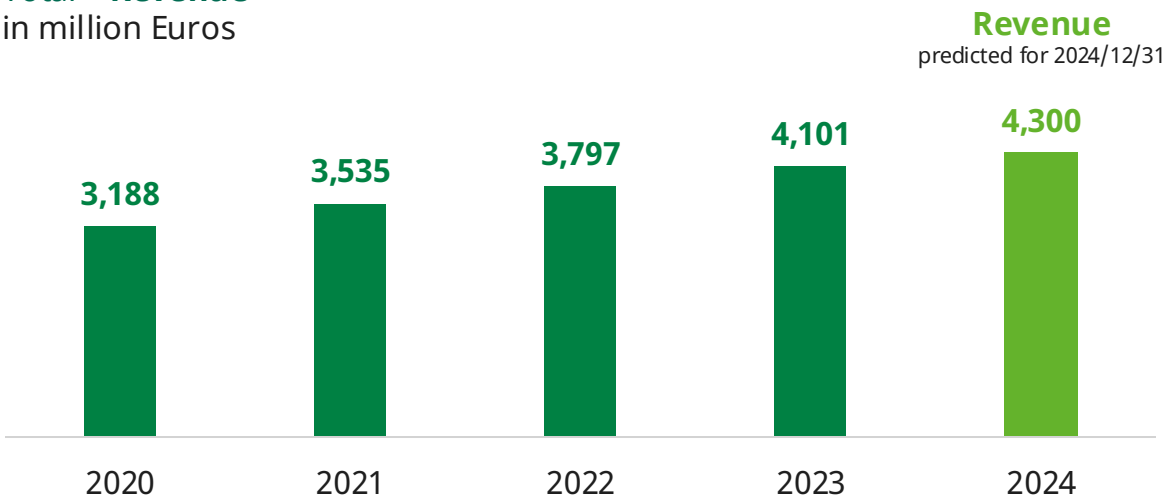

This will be achieved through the distinct technology and business focus that the Focus Areas provide.

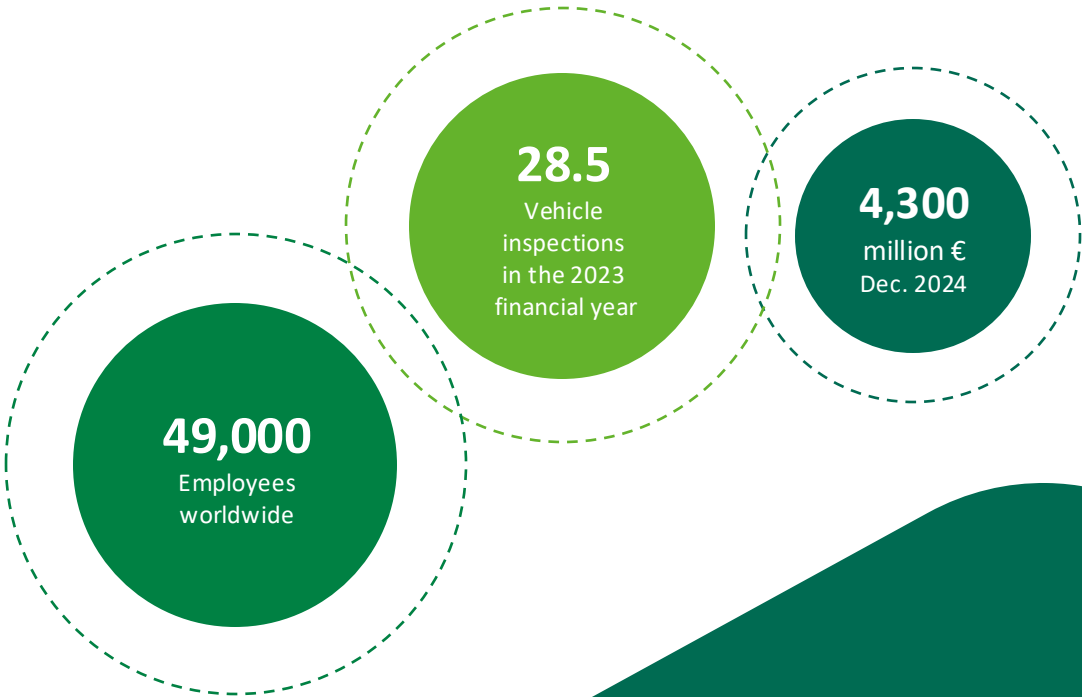

Our growing foundation

Total – Revenue
in million Euros

 Employees

100
YEARS

Our positive contribution to society

With our Sustainability Strategy 2025, we aim to further improve the sustainability performance within our company and our value chains as well as for our customers through our business activities.

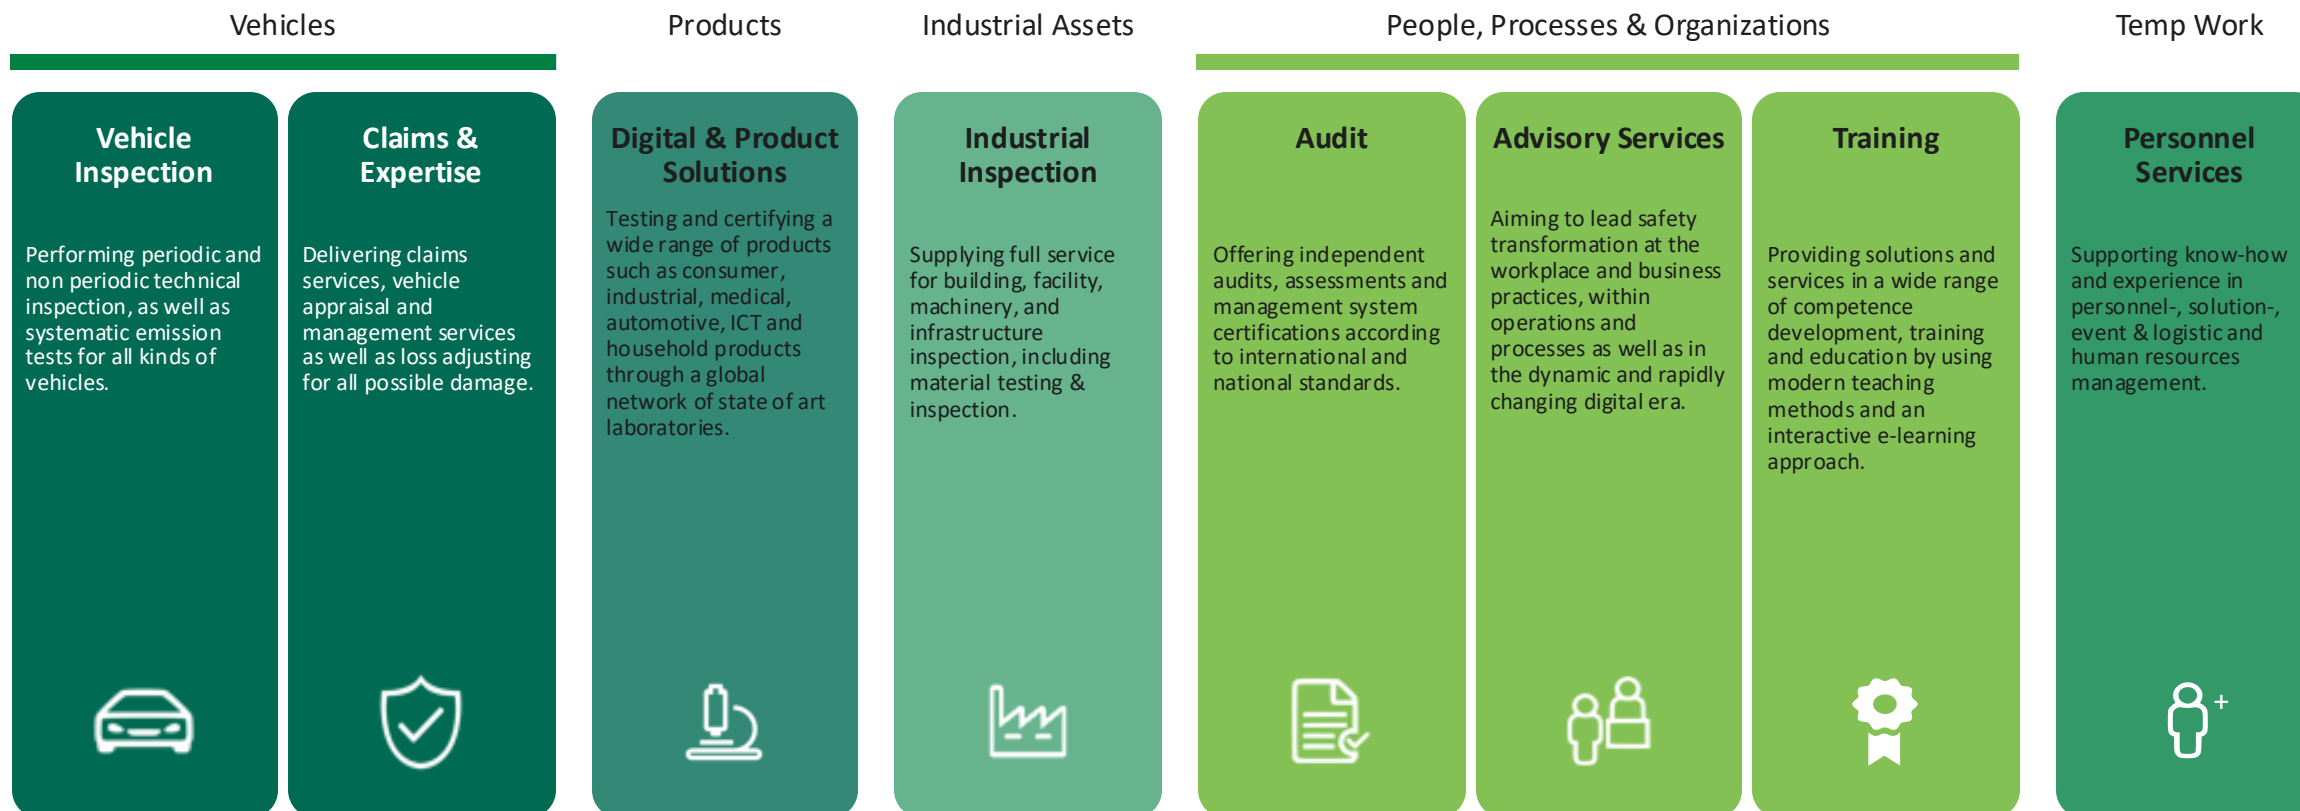

In four strategic areas, we are focusing on continuously improving our sustainability performance. This means reducing negative impacts and strengthening positive ones. The four areas are shown on the right.

With our services, we provide Safety, Security and Sustainability

What we focus on and **how** we help our clients.

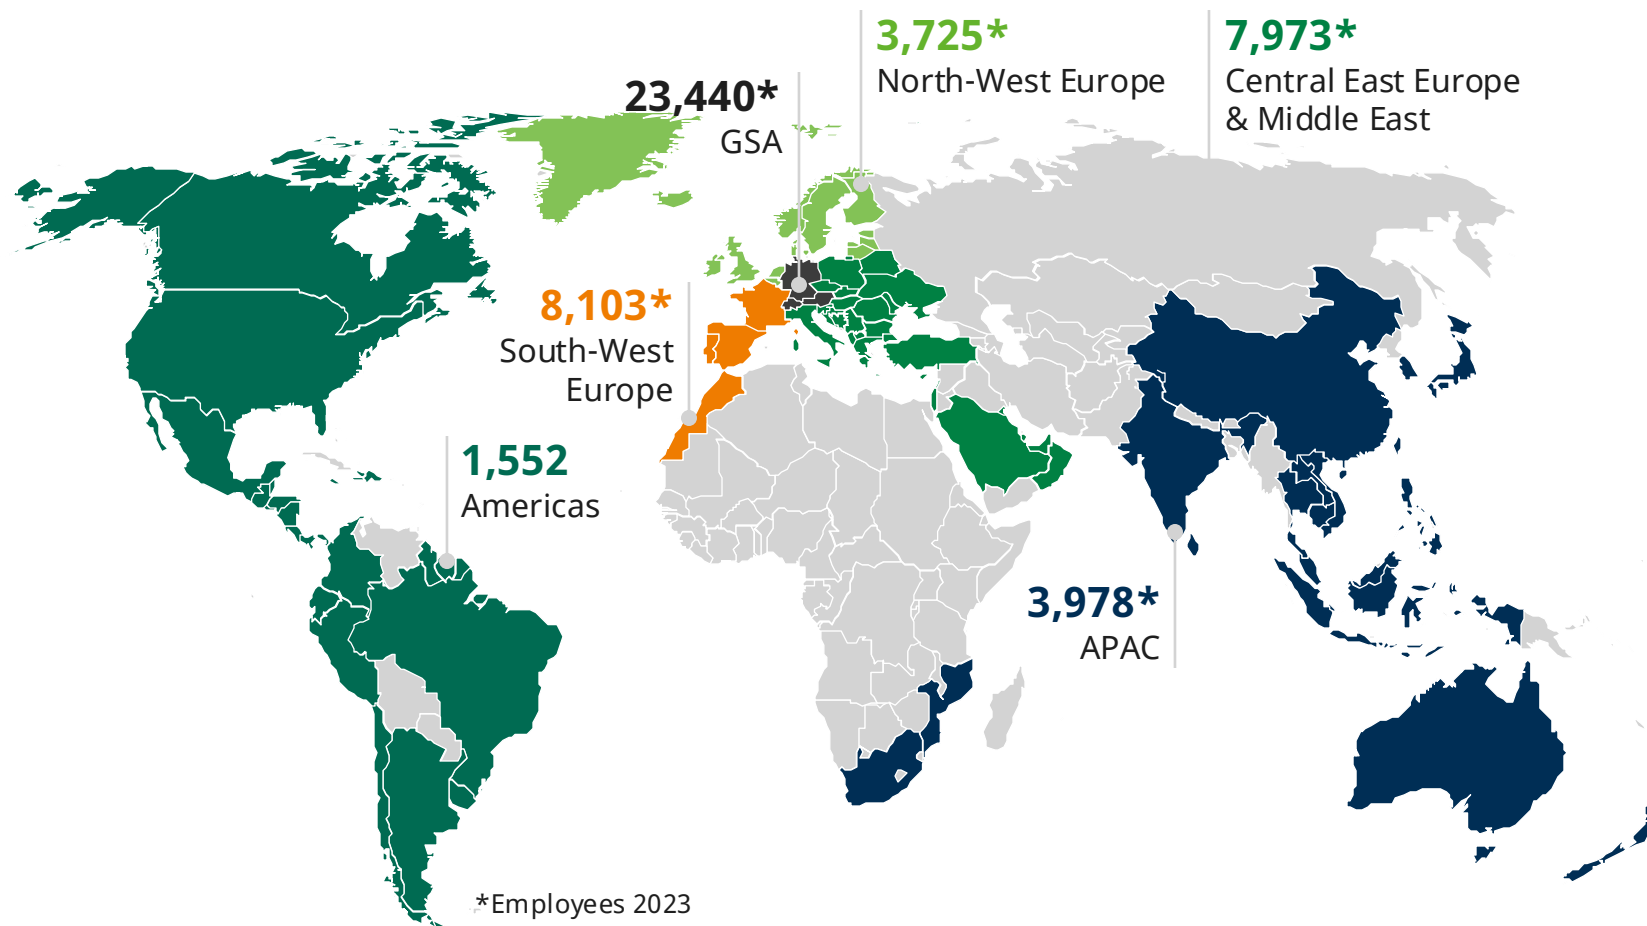

Safety expertise in 6 regions

in 60 countries
